

29 January 2021

QUARTERLY REPORT FOR THE QUARTER ENDED 31 DECEMBER 2020

Bioxyne Limited (ASX Code: BXN) (Bioxyne or the Company) is pleased to report on its activities for the guarter ended 31 December 2020.

Highlights

- Product revenues down 14% on same quarter prior year
- Non cash stock write downs and adverse foreign exchange results in quarter reported loss \$382k
- Cash steady at \$1.7m with positive cash flow for quarter
- COVID-19 continues to slow sales in Malaysia, Indonesia
- ColosNZ shipment to south east Asia paid for in January 2021

Results

The Company's core wholesale sales of *Lactobacillus fermentum* PCC® continued to provide the major revenue albeit with a shipment due in late December just slipping into January 2021 from timing of supply. COVID-19 continued to weigh on those markets where the Company is Direct Selling and as a consequence the Company has had to take a write down on products where expiry dates are before expected sales date.

Sales revenue for Q2 FY 2021 was \$361,097 (Q2 FY 2020: \$421,893), a reduction of 14% over the same quarter in the prior year. For the half year sales revenue is 10.9% down on the prior year.

The unaudited result for the quarter was a loss of \$382,131 (Q1 FY19: Loss of \$173,061), the deterioration over the prior period attributable to stock write down of 990,000 and a foreign exchange loss of 990,000 (given strengthening in A\$ vs US\$ and A\$ vs IDR).

Operating cash was an inflow of ~\$166,000, however cash in A\$ was adversely impacted by foreign exchange movements by \$80,000 in the quarter and ~\$132,000 for the half year ended 31 December 2020. Cash at the end of the quarter \$1,759,334.

Operations

Wholesale sales of *Lactobacillus fermentum* PCC® remain consistent with new orders in line with previous year adjusting for a shipment which just slipped into Q3. These product sales have not been impacted by COVID-19.

The direct sales business in Indonesia and Malaysia has now felt the full impact of COVID-19 with limited activity in Q2 2021.

The Company has reduced its inventory of raw materials to finished product, but in completing this exercise has written off raw material rather than convert to finished goods where the product would have short dated use by dates.

The shipment of the first run of a new enhanced colostrum powder product – was paid for by the customer in January 2021.

The Bioxyne retail product suite comprises:

Progastrim™ (PCC®) - clinically tested proprietary owned probiotic, for general health and immune support

Mymana – colostrum and fortified milk formula for nutrition and immune support

ColosNZ – enhanced colostrum and fortified milk formula for nutrition and immune support

BK18 – NZ dairy based formula with probiotics and vitamins for general health and immune support

Allura – weight management and beauty drink for women

Mustang – weight management and vitality shake for men

BEssence – beauty range

Cost saving/new business opportunities focus

In view of the challenges presented by COVID-19 the Company is continuing to focus on managing its costs and is continuing to look for acquisitions of businesses or products which would build shareholder value.

Corporate

Cash on hand as at 31 December 2020 amounted to \$1.77 million.

Payments to related parties and their associates during the quarter of \$45,000 comprise director and non-executive director salaries, fees and superannuation.

This quarterly activity report has been approved by the Board.

About Bioxyne

Bioxyne Limited (ASX:BXN) is an Australian health and wellness products company (incorporated in 2000) with a focus on clinically effective health and wellness products particularly in the gut and immune health areas.

Bioxyne is in the consumer dietary supplements and functional foods markets through its proprietary probiotic, *Lactobacillus fermentum* VRI-003 (PCC°), and through its direct sales business trading as Bioxyne International, the Company has developed a range of functional food and beauty products containing ingredients sourced primarily from New Zealand.

Bioxyne's probiotic business is supported by a manufacturing and distribution agreement with Chr. Hansen (Denmark) a global leader in the manufacturing of natural food additives and supplements products for the food, health, pharmaceutical and agriculture industries.

Bioxyne has a distribution agreement for PCC° with Nu-Skin Enterprises (USA) a successful worldwide multilevel marketing company.

Notes

- 1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
- If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
